**DC/18/04607 Sampsons Hall, Hall Road**, Kersey, Ipswich Suffolk IP7 6EL

Proposal: Application for Listed Building Consent. Demolition of North East single storey wing. Erection of extensions and alterations as per Schedule of Works.

Three Councillors had carried out a site visit to Sampsons Hall which was helpful to understand the proposals in context, particularly as one of the applications is for listed building consent.

Councillors considered both applications taking into account material considerations including whether the proposals would cause any harm to the listed building.

*A member of the public joined the meeting.*

The applicant commented that they had been working with the heritage team at Babergh District Council for over a year to bring together this proposal. The proposals should enhance the original building and bring it up to date to meet modern family needs.

Councillors discussed the proposals and agreed to fully support the two applications. Councillors were pleased that the proposals will enhance the existing listed house with such measures as rebuilding the additions using matching brickwork and slate for the roof.
